

Designing Sustainable Cities.

Bridging the Disconnect between
the duration of “Brick and Mortar” Projects and
the exponential pace of change in society...

Alex Athanassoulas

President and CEO, STIRIXIS Group
President, Sustainable Building Council of Greece
Vice President, CEO Clubs Greece

Exponential Change

vs

Sustainability

**1.800.000 years
to 12.000 years**

**12.000 years
to 200 years**

**200 years
to now**

**from now
to...**

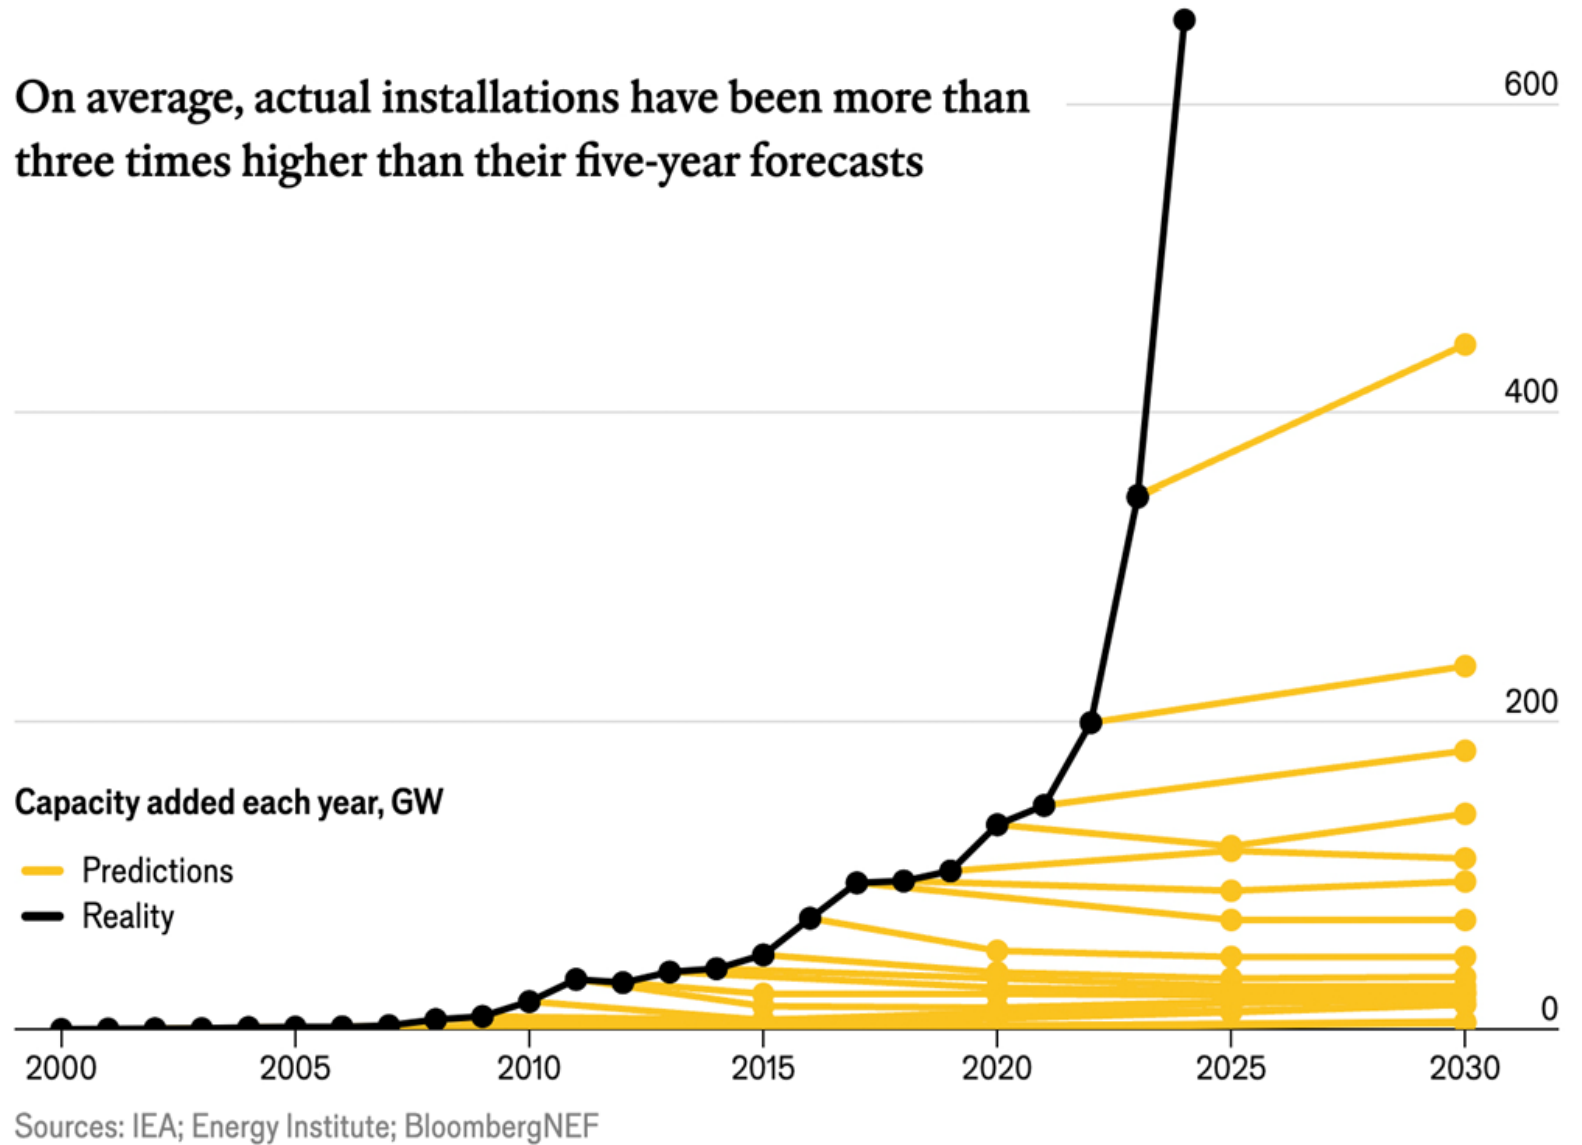

Prehistoric Brains, Medieval Institutions and Godlike Technology!

(Not) Grasping exponential change.

or otherwise...
how solar outgrew
expectations.

On average, actual installations have been more than three times higher than their five-year forecasts

The built environment.

The perfect storm is underway!
